

## **Primary Care Paramedic - Home Visit RRV – Haslemere and/or Northwest Surrey - FT and bank work available**

**Pay:** £48,629 - £59,497 a year

**Job type:** Full-time or bank

**Shift and schedule:** 9.5 hour shifts, Overtime, No weekends, Monday to Friday

**Benefits:** Free onsite parking, uniform provided as is kit, RRV, company pension contribution, professional development opportunities

This is an exciting time to join us - we provide Urgent & Emergency Home Visits Services for 16 Primary Care Networks in Northwest Surrey & West London. We are expanding and currently recruiting for a new role based in either Haslemere and/or NW Surrey (operating from our base in Shepperton).

We offer the opportunity to address your work-life balance working mainly Monday to Friday, and are looking for paramedics who are looking to work between 2 - 4 days per week, delivering high quality care in fully equipped RRVs. Support towards MSc (Urgent Care) as well as excellent ongoing CPD. Shifts are 9.5 hours each between 0830-1900 Base to Base Monday to Friday (either from our base in Shepperton or directly from the GP surgery). In rare cases the last visit may overrun, however from experience this is once or twice per month and typically no later than 1900.

Location Medical Services are looking for experienced paramedics with excellent clinical skills and "real world" experience (2 years Post- NQP - or with previous EMT level experience) to be part of an expanding team, delivering an innovative and exciting community response home visiting paramedic service on behalf of GP networks in the West London and NW Surrey area. Candidates should have extensive operational experience as a paramedic, with full HCPC registration and a driving license. We're looking for someone strongly motivated towards refocusing, who wishes to enhance their skills and develop their experience in a primary care setting. In return, we offer training and mentorship, and, if needed, will support further education towards the required Level 7 modules in advanced practice.

The role involves working closely with GP practices, prioritising and responding to visit requests. Visits are primarily in patient's homes, with treatment plans, referrals or admissions as agreed with the duty GPs as appropriate. Most work is same day - and urgent or emergency patients are prioritised and responded to appropriately, with ALS equipment and skills utilised as required.

Location Medical Services have been operating for 27 years with the same management team. We have an excellent reputation in the industry as fair employers who pay promptly, without fail, and recognise and reward talent and commitment within a growing company. Now is a very exciting time to join us.

Our equipment is modern and well maintained and all staff are supported by an excellent clinical leadership. You will be part of the larger LMS "family" of likeminded clinicians dedicated to providing industry leading healthcare to Film, TV and large events and you will, of course, have the chance to opt into a huge variety of event and film & TV medical shifts for whatever reason - to make up hours, for variety, or to see events, concerts or football matches that you might otherwise have paid for!

This role joins a current team of 20 clinicians operating daily, providing a responsive primary care home visiting service on behalf of GP networks across Northwest Surrey, West London and now central Surrey.

The role is autonomous and relies on traditional paramedic specialties of "thinking on your feet" and dealing with sick patients in their homes, taking thorough histories, observations and discussing these with GPs for prescription, referral or treatment decisions to be made. Fully equipped marked cars are provided.

There will be the opportunity to pick up overtime shifts in addition to the rostered 4 days per week, and potentially shifts in an AIC and a UTC (subject to experience). You will also be able to work with the wider LMS team, providing Film, TV and Event medical cover. Our business provides a variety of opportunities and experiences for you to be involved - from festivals to marathons, racing to theatre, construction to stunts, builds, shoots and premieres.

Please apply with a CV and covering letter explaining why you would be an excellent choice for this role, which location you are ideally interested in working in, what you are currently doing and when you could start. We are interested in hearing from you, even if you can't commit to a full time role. We look forward to receiving your application.

DBS, qualifications and references will be checked in all cases.

**Experience:** 2 Years Post NQP (required)

**Certification:** HCPC Registration (required)

**Driving Licence:** Do you have a full UK driving licence? (required)

**Work authorisation:** United Kingdom (required)

**Application question(s):**

- Are you able to reliably commute or relocate to NW Surrey or Haslemere for this job?
- Please state which area would be best for you in your response.

**Unfortunately we cannot accept applications from anyone not already based in the UK**
